

## **For Submission of DPR:-Irrigation / Multipurpose Project**

### **ADD-NEW**

#### **Step No.1:-**

##### **ENTER DPR DETAILS Part1>>**

1. Project Name:  
Is ERM- Yes/No  
If the proposal is ERM, Mention Date of investment clearance of original project :
2. Mention Estimated Cost of Original Project (Rs. in Cr) :
3. Price Level :
4. Whether the project has been started? Yes/No.
5. Project Started Date:
6. Whether the project is going to be constructed through contract(\$)  
(Appendix - I):Yes/No

Previous Save as DraftNext

#### **Step No.2:-**

##### **ENTER SALIENT FEATURE Part1-DETAILS>>**

1. Name of River Basin:
2. Name of River:                   + Name of Tributaries: if any
3. Type of Diversion Structure:
4. Diversion Structure Description

Add in List

Previous Save as Draft Next

#### **Step No. 3:-**

##### **Enter Salient Feature Part2 Details>>**

1. Estimated Cost of the Project (Rs. in Cr) :
2. Price Level:
3. BC Ratio
4. Design Discharge (in Cume)

5. Live Storage Capacity (MCM)
6. Culturable Command Area(CCA) (Ha.)
7. Annual Irrigation (Ha.)

Enter Other Benefits >>

- Drinking Water (MCM):
- Power (MW)
- Fishing (Tonnes) :
- Industrial Water (MCM)
- Others

Previous Save as Draft Next

**Step No. 4:-**

**Enter Salient Feature Part3 Details>>**

1. Land Requirement -Ha >>
  - Head Work
  - Distribution System
  
2. Earth Work required >>
  - Length of Main and Branch Canal-Km
  - Volume of Excavation for Main and Branch Canal - Cum:
  
3. Pucca Structures-Nos. >>
  - Road Bridges
  - Cross Drainage
  - Falls
  - Escapes
  - Regulators

Previous Save as Draft Next

**Step No.5:-**

**Salient Feature District Benefited:-**

Select Name of State: (Tick-mark the District benefited)

Add in List

Previous Save as Draft Next

**Step No.6:**

**DPR Details Part2>>(\*select your responses:)**

<b>S.No</b>	<b>Attributes related to Project/DPR</b>	<b>Select whichever applicable</b>
1.	If the project was sent back earlier, whether the deficiencies on the DPR / RCE communicated by CWC have been attended and the compliances are incorporated in the updated DPR / RCE? (\$) :	Yes /No/Not applicable
2.	Whether the DPR has been prepared in a consultative mode with the specialized directorates of CWC i.e. Hydrology, Irrigation Planning, Inter-State Matters and Project Planning from concerned design unit? (Active only for New & ERM proposals and RCE with change in scope)? (\$) : (Appendix - A)	Yes /No/Not applicable
3.	Whether complete geological exploration of the project has been carried out and geologged(Active only for New & ERM proposals and RCE with change in scope)? (\$) : (Appendix - B)	Yes /No/Not applicable
4.	Whether required rock/soil mechanic tests have been carried out from the rock/soil samples collected through Geological Exploration (Active only for New & ERM proposals and RCE with change in scope) (\$) : (Appendix - C)	Yes /No/Not applicable
5.	Whether availability of construction material within economical reach have been assessed(Active only for New & ERM proposals and RCE with change in scope) (\$) : (Appendix - D)	Yes /No/Not applicable
6.	Whether the problem of Water logging and Ground Water depletion due to the project have been assessed?(Active only for New & ERM proposals and RCE with change in scope) (\$) : (Appendix - E)	Yes /No/Not applicable
7.	Whether the State Agriculture Department has certified the cropping pattern, yield etc. (Active for all proposals i.e New, ERM, RCE and RCE with changes in scope)(\$): (Appendix - F)	Yes /No/Not applicable
8.	Whether site specific design parameters required as per clause 1.2 of the Guidelines for preparation and submission of site specific seismic study report of river valley project has been submitted to National Committee on Seismic Design Parameters (NCSDP)?(Active only for New & ERM proposals and RCE with change in scope)(\$):(Appendix - G)	Yes /No/Not applicable
9.	Whether proper Cadastral survey has been carried out for all the property coming under submergence, for reservoir and canal network? (Active only for New & ERM proposals and RCE with change in scope) (\$) : (Appendix - L)	Yes /No/Not applicable
10.	Whether copy of DPR has been sent to other co-basin States for their views?(Active only for New& ERM proposals and RCE with change in scope) (\$) : (Appendix - M)	Yes /No/Not applicable
11.	National Project (\$) :	Yes /No
12.	If the project is New, whether 'In-Principle Consent' has been accorded by CWC for preparation of DPR? (\$) :	Yes /No
13.	Externally Assisted Project:	Yes /No

Step No.7:

Check List Details:-

<b>Require</b>   <small>Yes No</small>	<b>Appendix are from CWC's Guidelines for Submission, Appraisal and Acceptance of Irrigation and Multipurpose Project,2017</b>	<b>Download</b> ↓
	<p><b>Appendix - A</b> Project Authority needs to furnish a certificate indicating that the DPR has been prepared in a consultative mode with the specialized directorates of CWC i.e. Hydrology, Irrigation Planning, Inter-State Matters and Project Planning from concerned units of CWC. The certificate shall be counter signed by the concerned team dealing above matter in CWC once the overall project proposal is found to be in order after project presentation. A request for field visit may also be made on need basis. However the counter signed certificate is not to be treated as acceptance from these directorate. The Certificate format is given at <a href="#">Appendix - A</a>.</p>	Certificate format ↓
	<p><b>Appendix - B</b> A certificate from Geological Survey of India (GSI) or any agency accredited by GSI, indicating that complete Geological exploration for the project required for the DPR stage has been carried out. The Certificate format and the list of agencies accredited by GSI are given at <a href="#">Appendix - B</a>. (In case GSI or any agency accredited has not yet certified, relevant communications / survey documents wrt Geological Explorations to be uploaded in attachment section)</p>	Certificate format ↓
	<p><b>Appendix - C</b> A Certificate from Central Soil and Materials Research Station (CSMRS) / or an agency accredited by CSMRS needs to be furnished stating that the required rock/soil mechanic tests have been carried out from the rock/soil samples collected through Geological exploration. The certificate format and the list of agencies accredited by CSMRS are given at <a href="#">Appendix - C</a>. (In case CSMRS or any agency accredited has not yet certified, relevant communications / survey documents wrt Rock/Soil mechanic tests to be uploaded in attachment section)</p>	Certificate format ↓
	<p><b>Appendix - D</b> Certificate from CSMRS / or an agency accredited by CSMRS towards quarry area and suitability of available construction material both qualitatively and quantitatively within economical reach has been assessed for the project parameters at DPR stage. The certificate format is given at <a href="#">Appendix - D</a>. (In case CSMRS or any agency accredited has not yet certified, relevant communications / survey documents wrt suitability of available construction material to be uploaded in attachment section)</p>	Certificate format ↓
	<p><b>Appendix - E</b> Certificate from Central Ground Water(CGW) Board that the command area will not be affected by water logging due to the irrigation project and there will not be further ground water depletion. The certificate format is given at <a href="#">Appendix - E</a>. (In case CGWB has not yet certified, relevant communications / documents wrt to ground water aspect to be uploaded in attachment section)</p>	Certificate format ↓

	<b>Appendix - F</b> A certificate from State Agriculture Department signed by Director, Agriculture as per the format enclosed as <a href="#">Appendix - F</a> . (In case State Agriculture Department has not yet certified, relevant communications / documents wrt to existing(i.e Pre project) and proposed (i.e post project) cropping pattern and productivity to be uploaded in attachment section).	Certificate format ↓
	<b>Appendix - G</b> A certificate from National Committee on Seismic Design Parameters (NCSDP) shall be submitted for the site specific seismic design parameters in accordance to the Guidelines for preparation and submission of site specific seismic study report of river valley project.The Certificate format and the proforma to be furnished as a check-list in the beginning of the study reportis enclosed as <a href="#">Appendix - G</a> . (In case NCSDP has not yet certified, relevant communications / documents wrt to site specific seismic design parameters to be uploaded in attachment section).	Certificate format ↓
	<b>Appendix - H</b> A Certificate signed by concerned Principal Secretary of State Govt. indicating status of Action taken for Statutory clearances such as Environment Clearance, Forest Clearance from MoEF&CC and clearance in respect of R&R of Tribal population from MoTA. The Certificate format is given at <a href="#">Appendix - H</a> .	Certificate format ↓
	<b>Appendix - I</b> A Certificate signed by concerned Principal Secretary of State Govt. indicating that the project is going to be constructed through contract and special team has been planned for timely construction of project as per the MoWR,RD&GR "Guidelines for preparation of Detailed Project Reports of irrigation and multipurpose projects, 2010". The Certificate format is given at <a href="#">Appendix - I</a> . (also upload contract documents, if any)	Certificate format ↓
	<b>Appendix - K</b> Concerned Principal Secretary of State Govt. needs to certify that the project involves _____ Km of Main Canal for which 100% survey has been carried out. For Distributaries & Minors, in the command there are _____ types of soil group and for each soil group _____ % of survey has been carried out. The Certificate format is given at <a href="#">Appendix - K</a> .	Certificate format ↓
	<b>Appendix - L</b> Concerned Principal Secretary of State Govt. needs to certify that Proper Cadestral survey has been carried out for all the property coming under submergence, for reservoir and canal network. The Certificate format is given at <a href="#">Appendix - L</a> .	Certificate format ↓
	<b>Appendix - M</b> Concerned Principal Secretary of State Govt. needs to send copy of DPR to the Principal Secretaries of all other co-basin States for their views. Copy of the letter vide which DPR was sent and Receipt for the same by the co-basin States needs to be submitted. Views of the co-basin States if received may also be submitted. The Certificate format is given at <a href="#">Appendix - M</a>	Certificate format ↓
	<b>Index Map</b> Index Map in colour showing command area and canal network	
	<b>GIS Map</b> GIS Map showing details.	
	<b>In-Principle Consent</b> Upload "In-Principle Consent" for preparation of DPR .	
	<b>National Project</b> Upload the letter vide which the project has been declared as National Project.	

	<b>External Assistance Project</b> Upload the letter vide which the project has been declared as External Assistance Project.	
	<b>Project Started</b> Whether the project has been started	
	<b>Certificate with respect to DPR Preparation</b> Certificate that the DPR has been prepared as per the Guideline for submission, appraisal and acceptance of Irrigation and Multipurpose projects, 2017 and Chapter wise Directives as provided in ePAMS	Certificate format ↓
	<b>Justification for Not Applicable</b> Justification with respect to Not Applicable of the document to DPR.	
	<b>Guideline for Chapter uploading</b> Chapter wise Guideline Provisions and Directive	↓ Download

### Step No.8:

**Chapter/Sub-Chapter Attachment:**(\* upload various chapter/summary related to DPR)

- 1) Upload Executive Summary.
- 2) Upload Hydrology chapter
- 3) Upload Irrigation Planning chapter
- 4) Upload Inter-State aspect chapter
- 5) Upload International aspect chapter
- 6) Upload Survey & Investigation chapter
- 7) Upload Design chapter (active if NOT CDO)
- 8) Upload Design Drawing volumes
- 9) Upload Instrumentation chapter
- 10) Upload Plant Planning Chapter
- 11) Upload Cost Estimate chapter
- 12) Upload Economic Evaluation study (B.C ratio)
- 13) Upload Design of Electro Mechanical Components chapter (only for Multi-purpose projects)
- 14) Upload Power Potential Studies Chapter(only for Multi-purpose projects)
- 15) Upload latest EIA report with R&R Plan, Environment Management Plan, Disaster Management Plan and broad cost estimates there of.
- 16) Upload forest clearance application and related documents
- 17) Upload GSI report if any
- 18) Upload CSMRS Report if any
- 19) Upload Ground Water Report if any
- 20) Upload any other chapter(Please specify name of the chapter)
